Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 27 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Becoming windy with scattered showers, heavy at times.

This Evening and Tonight:
A generally cloudy and damp evening with showery rain, locally heavy. Some drier spells overnight but further heavy showers are likely later, especially around the Bristol Channel. Becoming windy with gales developing near some coasts later in the night. Mild. Minimum temperature 6 deg C (43 deg F).

Tuesday:
It will be a windy morning with gales on exposed coasts and bands of blustery showers and sunny spells. Much drier during the afternoon with winds easing and some sunshine. Maximum temperature 12 deg C (54 deg F).

Outlook for Wednesday to Friday:
Changeable and windy on Wednesday and Thursday, with spells of heavy rain interspersed with brighter interludes. Drier and brighter on Friday with lighter winds. Unseasonably mild and staying frost free.
